

6 May 1954

MEMORANDUM FOR: CIA Librarian

THROUGH: Assistant Director/Collection & Dissemination

SUBJECT: Reference Facilities, Needs and Assets of USIA

REFERENCE: Memorandum to Addressee from AD/IC  
dated 4 May 1954, Subject as Above

1. By referenced memorandum you were requested to consider certain questions in the reference facilities field which have arisen to date in the course of the survey of USIA intelligence needs.

2. A year ago a survey of the intelligence requirements of the International Information Administration (predecessor organization of USIA) was conducted. In the course of that survey a list of continuing intelligence requirements of the International Information Center Service was prepared. That list, which appears to be a valid representation of ICS requirements today, is attached.

3. In view of the relevance of ICS needs to your operation, you are requested to view the attached and comment as to whether CIA/OCD could provide information to satisfy these needs or some of them.

JAMES O. REBER  
Assistant Director  
Intelligence Coordination

Enclosure  
(orig. only)
